Accessibility and Accommodations Wish Lists

These are sets of wish lists discussed by the Alt-ELPA21 Committee in February-March 2018. Further consideration will need to be applied to these lists, and adjustments might need to be made, depending on future decisions about the test constructs, assessment design, and item types. We recommend that the lists for universal features, designated features, and accommodations, when finalized, be placed into tables with three columns of information: name, description, and recommendations for use.

Administrative Considerations
Adaptive and Specialized Equipment or Furniture
Breaks
